Tini a Tangaroa

# Fisheries (Recreational Management Controls) Notice

ISBN No: 978-1-99-105273-5 (online)

**November 2022**

## Issuing Authority

This notice is issued under the Fisheries (Amateur Fishing) Regulations 2013.

Dated at Wellington this <sup>27<sup>th</sup></sup> day of October 2022.

Hon David Parker  
Minister for Oceans and Fisheries

## Introduction

The Fisheries (Amateur Fishing) Regulations 2013 allow the Minister for Oceans and Fisheries to set or vary recreational fishing management controls for any fish, aquatic life, or seaweed. Some of these controls apply generally throughout New Zealand fisheries waters and others apply only within certain defined areas. This notice specifies those recreational fishing controls.

This notice comes into force on 29 November 2022.

<b>Part 7: Controls for blue cod management areas</b>		<b>24</b>

32	Daily limits for blue cod management areas	24
<b>Part 7: Accumulation limits for defences</b>		<b>26</b>
33	Accumulation limits for defence for possessing rock lobsters	26

## **1 Title**

- (1) This notice is the Fisheries (Recreational Management Controls) Notice.

## **2 Commencement**

- (1) This notice comes into force on 29 November 2022.

## **3 Application**

- (1) This notice applies to all persons taking or possessing any fish, aquatic life, or seaweed to which the Fisheries (Amateur Fishing) Regulations 2013 relate from, or in, New Zealand fisheries waters.

## **4 Definitions**

- (1) In this notice—

**Act** means the Fisheries Act 1996

**Regulations** means the Fisheries (Amateur Fishing) Regulations 2013.

## Part 1: General recreational controls

### 1 Daily limits for finfish

#### 1.1 Daily limit for eels

- (1) The daily limit for eels is: 6 (see regulation 11).

#### 1.2 Daily limit for baitfish

- (1) The daily limit for baitfish (whether of the same or different species) is: 50 (see regulation 11A).

#### 1.3 Daily limit for southern bluefin tuna

- (1) The daily limit for southern bluefin tuna is: 1 (see regulation 11B).

#### 1.4 Daily limit for quinnat salmon

- (1) The daily limit for quinnat salmon is: 4 (see regulation 17).  
 (2) See *also* clause 23.1, which specifies the daily limit for quinnat salmon in the Southland and Sub-Antarctic FMA.

### 2 Size limits for finfish

#### 2.1 Minimum length for finfish

- (1) The minimum lengths for finfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 18):

Column 1 Species	Column 2 Minimum species length (cm)
Blue cod (except blue cod without a head) as measured from the tip of the nose to the posterior end of the middle ray of the tail fin	33
Blue cod (without a head) as measured from the rear of the base of the pectoral fin to the posterior end of the middle ray of the tail fin	24
Blue moki	40
Butterfish	35
Flatfish (except sand flounder)	25
Kingfish	75
Red cod	25
Red gumard	25
Red moki	40
Sand flounder	23
Snapper	25

Tarakihi	25
Trevally	25
Trumpeter	35

- (2) See also Parts 2, 3, 4, and 5, which specify size limits for finfish in certain areas.

### 3 Daily limits for shellfish

#### 3.1 Daily limits for shellfish

- (1) The daily limits for shellfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 12):

Column 1 Species of shellfish	Column 2 Daily limit (per person)
Cockle	150
Kina	50
Mussel	50
Dredge oyster ( <i>see also</i> regulations 14 and 15)	50
Pacific oyster or rock oyster	250
Ordinary paua (except ordinary paua taken from PAU3A, PAU3B, or PAU7)	10
Ordinary paua taken from PAU3A, PAU3B, or PAU7	5
Yellowfoot paua (except yellowfoot paua taken from PAU3A, PAU3B, or PAU7)	10
Yellowfoot paua taken from PAU3A, PAU3B, or PAU7	5
Pipi	150
Scallop	20
Tua tua	150
Any other shellfish (whether of the same or different species)	50

- (2) See also Parts 2, 3, 4, 5, and 6, which specify daily limits for shellfish in certain areas.

#### 3.2 Daily limit for rock lobsters

- (1) The daily limit for rock lobsters is: 6 (see regulation 13).
- (2) See also Parts 2, 3, 5, and 6, which specify daily limits for rock lobsters in certain areas.

### 4 Accumulation limit for shellfish

#### 4.1 Accumulation limit for paua

- (1) The accumulation limit for paua is (see regulation 16):
- (a) 20 paua; or

- (b) if the number of paua cannot be determined, the amount of paua that comprises a shucked weight of 2.5 kg; or
- (c) if any of the paua is taken from quota management area PAU3A, PAU3B, or PAU7,—
  - (i) 10 paua; or
  - (ii) if the number of paua cannot be determined, the amount of paua that comprises a shucked weight of 1.25 kg.

## 5 Size limits for shellfish

### 5.1 Minimum length for shellfish

- (1) The minimum lengths for shellfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 19):

Column 1 Species	Column 2 Minimum length (mm)
Dredge oyster	58
Ordinary paua	125
Scallop	100
Yellowfoot paua	80

- (2) See also Parts 3 and 4, which specify size limits for shellfish in certain areas.

### 5.2 Minimum length or width for rock lobster

- (1) A rock lobster is undersized if the tail is (see regulation 30)—
- (a) less than 60 mm wide, in the case of a female spiny rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations;
  - (b) less than 54 mm wide, in the case of a male spiny rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations;
  - (c) less than 216 mm long, in the case of a packhorse rock lobster of either sex, when measured in accordance with clauses 4 and 5 of Schedule 4 of the Regulations.

## Part 2: Controls for Auckland and Kermadec FMA

### 6 Daily limits for finfish

#### 6.1 Daily limits for finfish in Auckland and Kermadec FMA

- (1) The daily limits for finfish in the Auckland and Kermadec FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 55):

Column 1 Species	Column 2 Daily limit (per person)
Bluenose	5
Grey mullet	20
Kingfish	3
Snapper	15

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Auckland and Kermadec FMA.

#### 6.2 Daily limits for snapper in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for snapper in the Auckland (West) FMA is: 10 (see regulation 59(2)).  
 (2) The daily limit for snapper in the Auckland (East) FMA is: 7 (see regulation 59(3)).

#### 6.3 Daily limit for hapuku/bass in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for hapuku/bass in the Auckland (East) FMA and the Auckland (West) FMA is: 2 (see regulation 59A(2)).

#### 6.4 Daily limit for kingfish in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for kingfish in the Auckland (East) FMA and the Auckland (West) FMA is: 3 (see regulation 59A(3)).

### 7 Combined daily limits for finfish

#### 7.1 Combined daily limit for finfish in Auckland and Kermadec FMA

- (1) The combined daily limit for finfish in the Auckland and Kermadec FMA is: 20 (see regulation 55).  
 (2) See *also* clause 7.2, which specifies the combined daily limit for hapuku/bass and kingfish in the Kermadec FMA.

#### 7.2 Combined daily limit for hapuku/bass and kingfish in Kermadec FMA

- (1) The combined daily limit for hapuku/bass and kingfish in the Kermadec FMA is: 5 (see regulation 55).

## 8 Accumulation limit for finfish

### 8.1 Accumulation limit for hapuku/bass in Auckland (East) FMA and Auckland (West) FMA

- (1) The accumulation limit for hapuku/bass in the Auckland (East) FMA and the Auckland (West) FMA is: 3 (see regulation 16A(2)).

## 9 Size limits for finfish

### 9.1 Minimum length for snapper in Auckland and Kermadec FMA

- (1) The minimum length for snapper taken from the Auckland (West) FMA or the Kermadec FMA is: 27 cm (see regulation 62).
- (2) The minimum length for snapper taken from the Auckland (East) FMA is: 30 cm (see regulation 62).

### 9.2 Minimum length for blue cod in Auckland FMA

- (1) The minimum length for blue cod taken from the Auckland FMA is: 30 cm (see regulation 63).

## 10 Daily limits for shellfish

### 10.1 Daily limits for shellfish in Auckland Coromandel Area

- (1) The daily limits for shellfish in the Auckland Coromandel area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 60):

Column 1 Species of shellfish	Column 2 Daily limit (per person)
Cockle	50
Green-lipped mussel	25
Pacific oyster or rock oyster	100
Pipi	50
Tua tua	50

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Auckland and Kermadec FMA.

### 10.2 Daily limit for green-lipped mussels in Maketu taiapure

- (1) The daily limit for green-lipped mussels in the Maketu taiapure is: 25 (see regulation 61).

### 10.3 Daily limits for rock lobsters taken from CRA2

- (1) The daily limit for rock lobsters in CRA2 is: 6 (see regulation 155A).
- (2) The daily limit for spiny rock lobsters in CRA2 is: 3 (see regulation 155A).

## Part 3: Controls for Central FMA

### 11 Daily limits for finfish

#### 11.1 Daily limits for finfish in Central FMA

- (1) The daily limits for finfish in the Central FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 78):

<b>Column 1</b> <b>Species</b>	<b>Column 2</b> <b>Daily limit (per person)</b>
Bluenose	5
Hapuku/bass	2
Kingfish	3
Snapper	10

#### 11.2 Daily limit for blue cod in fishery management area 8—Central (Egmont)

- (1) The daily limit for blue cod in fishery management area 8—Central (Egmont) is: 10 (see regulation 81A).

### 12 Combined daily limit for finfish

#### 12.1 Combined daily limit for finfish in Central FMA

- (1) The combined daily limit for finfish in the Central FMA is: 20 (see regulation 78).

### 13 Accumulation limit for finfish

#### 13.1 Accumulation limit for hapuku/bass in Central FMA

- (1) The accumulation limit for hapuku/bass in the Central FMA is: 3 (see regulation 16A(2)).

### 14 Size limit for finfish

#### 14.1 Minimum length for snapper in Central FMA

- (1) The minimum length for snapper taken from the Central FMA is: 27 cm (see regulation 82).

### 15 Daily limits for shellfish

#### 15.1 Daily limits for rock lobsters taken from CRA2

- (1) The daily limit for rock lobsters in CRA2 is: 6 (see regulation 155A).  
 (2) The daily limit for spiny rock lobsters in CRA2 is: 3 (see regulation 155A).

## **16 Size limit for shellfish**

### **16.1 Minimum length for ordinary paua in Amateur Taranaki Paua Fishery area**

- (1) The minimum length for ordinary paua taken from the Amateur Taranaki Paua Fishery area is: 85 mm (see regulation 83).

## Part 4: Controls for Challenger FMA

### 17 Daily limits for finfish

#### 17.1 Daily limits for finfish in Challenger FMA

- (1) The daily limits for finfish in the Challenger FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 92):

Column 1 Species	Column 2 Daily limit (per person)
Bluenose	5
Hapuku/bass	2
Kingfish	3
Snapper	10

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Challenger FMA.

#### 17.2 Daily limit for blue cod in Challenger (East) area

- (1) The daily limit for blue cod in the Challenger (East) area is: 2 (see regulation 95A).

#### 17.3 Daily limit for snapper in Marlborough Sounds area

- (1) The daily limit for snapper in the Marlborough Sounds area is: 3 (see regulation 96).

### 18 Combined daily limit for finfish

#### 18.1 Combined daily limit for finfish in Challenger FMA

- (1) The combined daily limit for finfish in the Challenger FMA is: 20 (see regulation 92).

### 19 Accumulation limit for finfish

#### 19.1 Accumulation limit for hapuku/bass in Challenger FMA

- (1) The accumulation limit for hapuku/bass in the Challenger FMA is: 3 (see regulation 16A(2)).

### 20 Size limit for finfish

#### 20.1 Minimum length for sand flounder in Challenger FMA

- (1) The minimum length for sand flounder taken from the Challenger FMA is: 25 cm (see regulation 100).

## **21 Daily limit for shellfish**

### **21.1 Daily limit for scallops in Challenger FMA**

- (1) The daily limit for scallops in the Challenger FMA is: 50 (see regulation 97).

## **22 Size limit for shellfish**

### **22.1 Minimum length for scallops in Challenger FMA**

- (1) The minimum length for scallops taken from the Challenger FMA is: 90 mm (see regulation 101).

## Part 5: Controls for South-East FMA

### 23 Daily limits for finfish

#### 23.1 Daily limits for finfish in South-East FMA

- (1) The daily limits for finfish in the South-East FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 117):

Column 1 Species	Column 2 Daily limit (per person)
Blue moki	15
Blue shark	1
Bluenose	5
Bronze shark	1
Butterfish	15
Elephant fish	5
Hammerhead shark	1
Kahawai	15
Kingfish	3
Mako shark	1
Marlin	1
Porbeagle shark	1
Quinnat salmon	2
Red cod	10
Red moki	15
Rig	5
School shark	5
Seven gill shark	1
Skate	5
Snapper	10
Spiny dogfish	15
Tarakihi	15
Thresher shark	1
Trumpeter	15
Warehou	15

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the South-East FMA.

#### 23.2 Daily limit for blue cod in Kaikoura-North Canterbury area

- (1) The daily limit for blue cod in the Kaikoura-North Canterbury area is: 10 (see regulation 119A).

**23.3 Daily limit for blue cod in East Otago taiapure**

- (1) The daily limit for blue cod in the East Otago taiapure is: 2 (see regulation 122A).

**23.4 Daily limits for finfish in Akaroa Harbour taiapure**

- (1) The daily limits for finfish in the Akaroa Harbour taiapure specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123):

<b>Column 1</b> <b>Species</b>	<b>Column 2</b> <b>Daily limit (per person)</b>
Blue moki	3
Butterfish	3
Red cod	3
Sea perch	3
Trumpeter	3

**23.5 Daily limits for finfish in Te Whata Kai o Rakihouia in Te Tai o Marokura—Kaikōura Marine Area**

- (1) The daily limits for finfish in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123A):

<b>Column 1</b> <b>Species</b>	<b>Column 2</b> <b>Daily limit (per person)</b>
Alba core	3
Blue cod (except blue cod taken from Te Taumanu o Te Waka a Māui taiapure or Oaro-Haumuri taiapure)	6
Blue cod taken from Te Taumanu o Te Waka a Māui taiapure or Oaro-Haumuri taiapure	2
Blue moki	10
Bluenose	3
Butterfish	10
Hapuku/bass	3
Kahawai	10
Kingfish	3
Ling	3
Rig	3
School shark	3
Sea perch	20
Tarakihi	10

## **24 Combined daily limits for finfish**

### **24.1 Combined daily limit for finfish in South-East FMA**

- (1) The combined daily limit for finfish in the South-East FMA is: 30 (see regulation 117).
- (2) See *also* clause 24.2, which specifies the combined daily limit for hapuku/bass and kingfish in the South-East FMA.

### **24.2 Combined daily limit for hapuku/bass and kingfish in South-East FMA**

- (1) The combined daily limit for hapuku/bass and kingfish in the South-East FMA is: 5 (see regulation 117).

### **24.3 Combined daily limit for finfish in southern part of East Otago taiapure**

- (1) The combined daily limit for finfish in the southern part of the East Otago taiapure is: 10 (see regulation 122).

### **24.4 Combined daily limit for finfish in Akaroa Harbour taiapure**

- (1) The combined daily limit for finfish in the Akaroa Harbour taiapure is: 10 (see regulation 123).

### **24.5 Combined daily limit for albacore, bluenose, hapuku/bass, kingfish, and ling in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area**

- (1) The combined daily limit for albacore, bluenose, hapuku/bass, kingfish, and ling in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 (see regulation 123A).

### **24.6 Combined daily limit for game sharks in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area**

- (1) The combined daily limit for game sharks (being blue shark, hammerhead shark, mako shark, porbeagle shark, seven gill shark, and thresher shark) in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 1 (see regulation 123A).

## **25 Size limits for finfish**

### **25.1 Minimum length for quinnat salmon taken from Otago Harbour**

- (1) The minimum length for quinnat salmon taken from the Otago Harbour is: 45 cm (see regulation 125).

### **25.2 Minimum length for sea perch taken from Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area**

- (1) The minimum length for sea perch taken from Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 26 cm (see regulation 125A).

## 26 Daily limits for shellfish

### 26.1 Daily limit for kina in East Otago taiapure

- (1) The daily limit for kina in the East Otago taiapure is: 10 (see regulation 121).

### 26.2 Daily limits for shellfish in Akaroa Harbour taiapure

- (1) The daily limits for shellfish in the Akaroa Harbour taiapure specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123):

Column 1 Species	Column 2 Daily limit (per person)
Cat's eye	20
Cockle	20
Rock lobster	3

### 26.3 Daily limits for shellfish in Te Whata Kai o Rakihouia in Te Tai o Marokura—Kaikōura Marine Area

- (1) The daily limits for shellfish in Te Whata Kai o Rakihouia | Te Tai o Marokura—Kaikōura Marine Area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123A):

Column 1 Species	Column 2 Daily limit (per person)
Cat's eye	20
Cockle (whether of the species <i>Chione (Austrovenus) stutchburyi</i> or of the species <i>Protothaca crassicosta</i> )	50
Kina	20
Ordinary paua	5
Yellowfoot paua	5
Any other shellfish (whether of the same or different species) for which a specific limit is not specified in this table or in the table in clause 3.1	30

## 27 Combined daily limit for shellfish

### 27.1 Combined daily limit for shellfish in East Otago taiapure

- (1) The combined daily limit for shellfish in the East Otago taiapure is: 50 (see regulation 120).

## **28 Daily limits for seaweed**

### **28.1 Daily limits for bladder kelp and karengo in Te Whata Kai o Rakihouia in Te Tai o Marokura—Kaikōura Marine Area**

- (1) The daily limit for bladder kelp in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 litres of wet volume (see regulation 123B).
- (2) The daily limit for karengo in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 litres of wet volume (see regulation 123B).

## Part 6: Controls for Southland and Sub-Antarctic FMA

### 29 Daily limits for finfish

#### 29.1 Daily limits for individual species of finfish in Southland and Sub-Antarctic FMA

- (1) The daily limits for finfish in the Southland and Sub-Antarctic FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 141):

<b>Column 1</b> <b>Species</b>	<b>Column 2</b> <b>Daily limit (per person)</b>
Blue cod	20
Blue moki	15
Blue shark	1
Bluenose	5
Bronze shark	1
Butterfish	15
Elephant fish	5
Hammerhead shark	1
Kahawai	15
Kingfish	3
Mako shark	1
Marlin	1
Porbeagle shark	1
Quinnat salmon	2
Red cod	10
Red moki	15
Rig	5
School shark	5
Seven gill shark	1
Skate	5
Spiny dogfish	15
Tarakihi	15
Thresher shark	1
Trumpeter	15
Warehou	15

- (2) See also the other provisions of this Part that specify individual species limits for specific areas within the Southland and Sub-Antarctic FMA.

#### 29.2 Daily limit for blue cod in Paterson Inlet (Whaka a Te Wera)

- (1) The daily limit for blue cod in Paterson Inlet (Whaka a Te Wera) is: 15 (see regulation 145A).

### 29.3 Daily limits for finfish in Fiordland (Te Moana o Atawhenua) marine area

- (1) The daily limits for finfish in the Fiordland (Te Moana o Atawhenua) marine area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 146):

Column 1 Species	Column 2 Daily limit (per person)
Hapuku/bass	5
Sea perch	10

### 29.4 Daily limits for finfish in internal waters of Fiordland

- (1) The daily limits for finfish in the internal waters of Fiordland specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 147):

Column 1 Species	Column 2 Daily limit (per person)
Blue cod	3
Hapuku/bass	3
Sea perch	10

### 29.5 Daily limit for blue cod in Doubtful (Patea), Thompson, and Bradshaw Sounds

- (1) The daily limit for blue cod in the internal waters of the Doubtful (Patea), Thompson, and Bradshaw Sounds is: 1 (see regulation 147A).

## 30 Combined daily limits for finfish

### 30.1 Combined daily limit for finfish in Southland and Sub-Antarctic FMA

- (1) The combined daily limit for finfish in the Southland and Sub-Antarctic FMA is: 30 (see regulation 141).
- (2) See also clause 30.2, which specifies the combined daily limit for hapuku/bass and kingfish in the Southland and Sub-Antarctic FMA.

### 30.2 Combined daily limit for hapuku/bass and kingfish in Southland and Sub-Antarctic FMA

- (1) The combined daily limit for hapuku/bass and kingfish in the Southland and Sub-Antarctic FMA is: 5 (see regulation 141).

## 31 Daily limits for shellfish

### 31.1 Daily limit for mussels in Southland FMA

- (1) The daily limit for mussels in the Southland FMA is: 25 (see regulation 144).

### 31.2 Daily limit for scallops in Southland and Sub-Antarctic FMA

- (1) The daily limit for scallops in the Southland and Sub-Antarctic FMA is: 10 (see regulation 145).

### 31.3 Daily limits for shellfish in Fiordland (Te Moana o Atawhenua) marine area

- (1) The daily limits for shellfish in the Fiordland (Te Moana o Atawhenua) marine area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 146):

<b>Column 1</b>	<b>Column 2</b>
<b>Species</b>	<b>Daily limit (per person)</b>
Paua	10
Rock lobster	6
Scallop	10

### 31.4 Daily limits for shellfish in internal waters of Fiordland and Milford Sound

- (1) The daily limits for shellfish in the internal waters of Fiordland specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 147):

<b>Column 1</b>	<b>Column 2</b>
<b>Species</b>	<b>Daily limit (per person)</b>
Paua	10
Rock lobster (except rock lobsters taken from Milford Sound)	6
Rock lobsters taken from Milford Sound	3
Scallop	10

## **Part 7: Controls for blue cod management areas**

### **32 Daily limits for blue cod management areas**

#### **32.1 Daily limit for blue cod in Canterbury blue cod management area**

- (1) The daily limit for blue cod in the Canterbury blue cod management area is: 2 (see regulation 155E).

#### **32.2 Daily limit for blue cod in Chatham Islands blue cod management area**

- (1) The daily limit for blue cod in the Chatham Islands blue cod management area is: 15 (see regulation 155F).

#### **32.3 Daily limit for blue cod in Kahurangi blue cod management area**

- (1) The daily limit for blue cod in the Kahurangi blue cod management area is: 10 (see regulation 155G).

#### **32.4 Daily limit for blue cod in Kaikōura blue cod management area**

- (1) The daily limit for blue cod in the Kaikōura blue cod management area is: 10 (see regulation 155H).
